ABOUT ME

I am a hard-working, creative and reliable UX/UI and Wordpress developer. For each website/branding project, I strategically plan, research, design and test. I would describe myself as disciplined, passionate and motivated. I really want to work with a team because I want to be challenged consistently. I take all criticisms as a learning experience and continue to strive for growth.

WORK & EXPERIENCE

Crypto Digital Design & Developer Freelancer
Various projects
Global

2021 - Present

I wanted to connect with my creative side. Therefore, I focused on the crypto/NFT space. The digital graphics and website creativity bar are unparalleled. As a designer and developer, I worked on XPunks, Aneroverse, Pyre, and XWarriors.

- Designed brand identity
- Designed the user interface
- Developed the website

Senior Web Design & Developer
Brand North
Boca Roton, FL

2020 - 2022

Brand North is a marketing and development agency. I came on as a senior web designer and developer.

- Designed User interfaces and presented them to clients
- Developed Wordpress websites from final design proofs
- Graphic design for client marketing needs

Senior Web Design & Developer
Averi Corp
El Dorado, CA

2018 - 2020

Averi is a corporation that hosts multiple business ventures. I was hired to design and develop lead generation websites to a group of 6000 entrepreneurs.

- Design and develop lead generation templates
- Met with clients for one-on-one consultations
- SEO Optimization for all projects
